User Portal Description

Features:

1)Registration:

The registration is the first step to get started with the application. The user will have to enter his first name, last name, email, phone number, address, username, password, date of birth, and an select an identity card (Aadhaar card, pan card or voters id) and enter its number and the scanned copy of the identity provided. If the username given by the user is checked for duplication in the database if a similar username exists then he or she will have to register with a new username. On registration the user information is passed on to the admin for verification. Once the admin verifies an email will be send to the user that his/her account is activated and a primary and saving account is created for the user.

The screenshot shows a web browser window titled 'DreamApp' with the address bar displaying 'localhost:4200/register'. The browser's address bar also shows navigation icons and a search icon. The page has a dark header with the text 'ICIN Bank' and a navigation menu with links: 'Transaction History', 'Transfer History', 'Transfer Money', 'Request Checkbook', and 'User Session'. The main content area is titled 'User Registration' and contains a form with the following fields:

- First Name: Text input field containing 'Aditya'.
- Last Name: Text input field containing 'Bhogate'.
- Username: Text input field containing 'adityabhogate05'.
- Password: Password input field with masked characters '*****'.
- DOB: Date of Birth input field containing '10-07-2008' with a calendar icon.
- Mobile No: Text input field containing '6238642924'.
- Address: Text input field containing 'example address,pin code,state,district'.

The Windows taskbar is visible at the bottom of the screen, showing the search bar, task view button, and several application icons. The system tray on the right shows the language 'ENG', the time '23:51', and the date '17-08-2020'.

On successful login we are navigated to the home page.

Developer Name – Raja Kumar**3)Deposit:**

The user can deposit money in his/her accounts by entering the correct account number and the amount if the feature is enabled by the admin.

4)Withdraw:

The user can withdraw money from his/her accounts by entering the account number and the amount if the feature is enabled by the admin. The operation won't go through if the amount to be withdrawn is more than the users account balance.

5)Transfer:

The user can transfer money from his/her accounts to other accounts by entering the his/her account number, the receivers account number, the IFSC code of the receivers account and the amount if the feature is enabled by the admin. The operation won't go through if the amount to be transferred is more than the users account balance or the IFSC code of the receiver account is incorrect.

The image shows two screenshots of a web application running in a browser. The browser's address bar shows 'localhost:4200/transfer'. The application has a dark navigation bar with links: 'ICIN Bank', 'Transaction History', 'Transfer History', 'Transfer Money', 'Request Checkbook', and 'User Session'. The main content area is titled 'Transfer Money' and displays 'Account Number :391491820226'. It contains three input fields: 'Enter the IFSC Code of the account to be transferred to:' (with value 'ICIN7465'), 'Enter the account number you would like to transfer To:' (with value '39149182021'), and 'Enter Amount:' (with value '2000'). A teal 'Transfer' button is at the bottom. The second screenshot shows the same form with a modal dialog box in the center. The dialog has a green checkmark icon and the text 'Transaction successful', 'Rs.2000 successfully transferred to account 39149182021', and an 'OK' button. The background of the application is dimmed.

Transfer Money

Account Number :391491820226

Enter the IFSC Code of the account to be transferred to:

ICIN7465

Enter the account number you would like to transfer To:

39149182021

Enter Amount:

2000

Transfer

Transaction successful

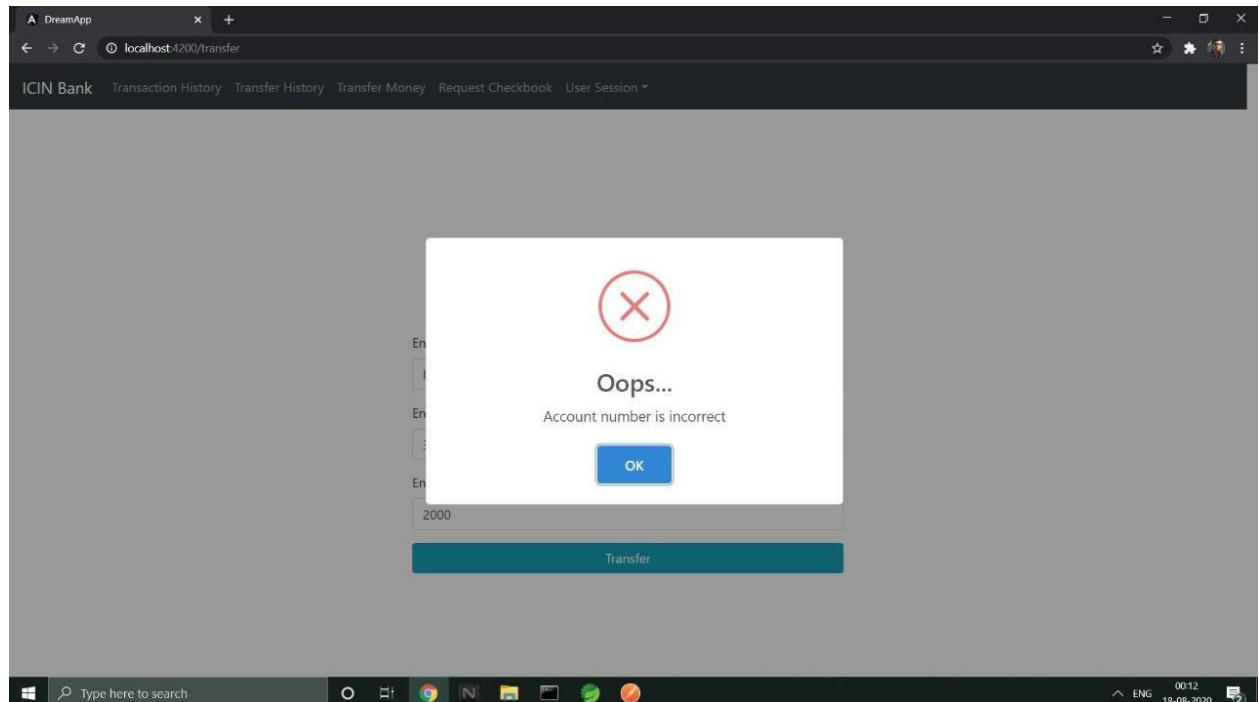

Rs.2000 successfully transferred to account 39149182021

OK

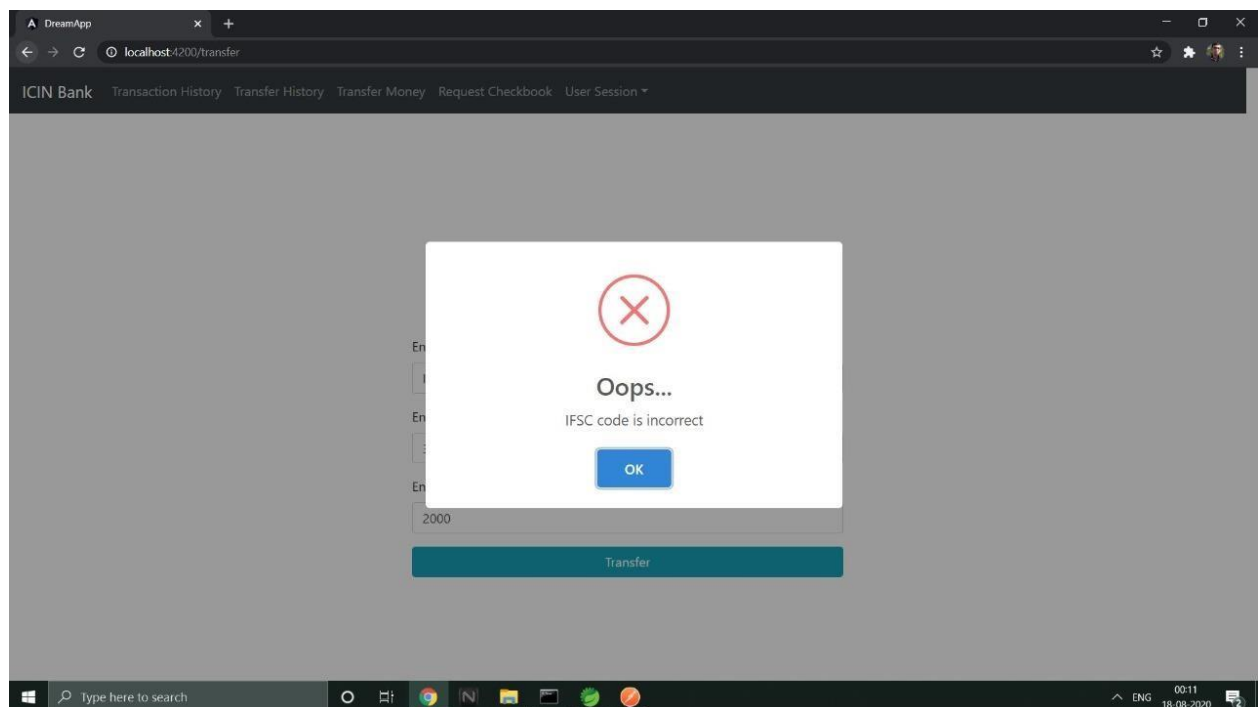

Transfer

If the receivers account number is wrong.

Developer Name – Raja Kumar

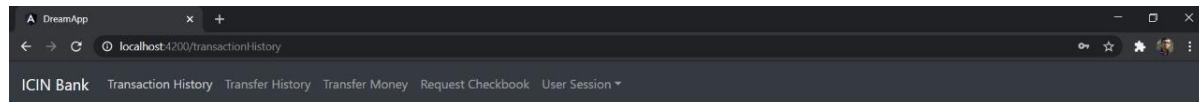

If the IFSC code is incorrect.

6)Transaction History

Developer Name – Raja Kumar

In the view transaction history section, you can view transactions for a particular account. Both when money was deposited or withdrawn.

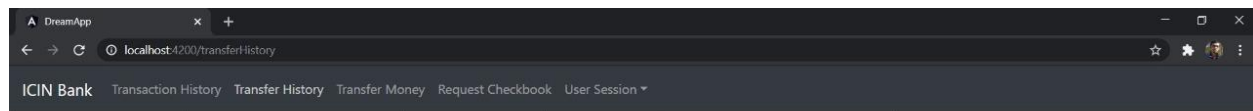

Type of account : Saving
 Saving balance : 44100

2020-08-18	43	1500	391491820226	39149182021
2020-08-18	42	4600	391491820226	39149182021
2020-08-18	41	3200	391491820226	39149182021
2020-08-18	40	1280	391491820226	39149182021
2020-08-18	39	780	391491820226	39149182021
2020-08-18	38	360	391491820226	39149182021
2020-08-18	37	400	391491820226	39149182021
2020-08-18	36	2000	391491820226	39149182021

8)Cheque Book Request:

Developer Name – Raja Kumar

The user can request cheque books for his/her accounts by entering the account number and number of pages. Once admin accepts or rejects the request the user will get a mail.

**9)Update User:**

Developer Name – Raja Kumar

The user can update some of his details with this function. The user can reset his password by entering the new password and the correct old password. The user only has to enter the fields that he wants to update.

The screenshot shows a web browser window with the URL `localhost:4200/editProfile`. The browser's address bar shows the DreamApp logo and the URL. The page has a dark header with the ICIN Bank logo and navigation links: Transaction History, Transfer History, Transfer Money, Request Checkbook, and User Session. A dropdown menu is open under User Session, showing 'Change Profile Settings' and 'Logout'. The main content area is titled 'Edit Profile' and contains five form fields: Mobile no (placeholder: Enter Phone here), Address (placeholder: Enter your Address), Email (placeholder: Enter email here), Previous Password (placeholder: Enter Password here), and New password (placeholder: Enter email here). A blue 'Update' button is located below the New password field. The Windows taskbar is visible at the bottom, showing the search bar and several application icons.

The screenshot shows the same web browser window as the previous one, but the 'Mobile no' field is now filled with the value '7878323739'. The other fields remain empty with their respective placeholder texts. The 'Update' button is still present at the bottom of the form. The browser's address bar and the page header are identical to the previous screenshot.
